

Celebrating our team's *journeys* *and achievements*

Anna Janik, Business Manager, Hays UK&I

What was your background before joining Hays?

“I interned with Hays while pursuing my Master’s degree in International Business in Poland. Initially, I saw it as a chance to gain insight into the business world, but I joined permanently after my studies. The rest is history!”

How has Hays helped you towards success in your career?

“The main thing that undoubtedly supports careers at Hays is the company’s culture. People are at the heart of recruitment, and this applies not only to our candidates and clients, but also to our staff. People are supportive, encouraging, always do the right thing and celebrate every success.”

What excites you most about your future at Hays?

“The unknown! Since joining Hays I’ve moved countries, transitioned from smaller to larger offices and joined new teams. I’ve taken on new roles and responsibilities, and I’m always encouraged to try new things. This is far from a dead-end job. You don’t know what’s next, and that’s what makes it so exciting.”

What advice would you give to someone considering this career?

“Embrace the opportunities to grow! Recruitment will always present challenges, so be prepared for surprises and stepping out of your comfort zone. The reward is immense when someone lands their dream job, or when you recruit the next key decision-maker for a renowned international brand.”

Supported *to succeed*

Let's create tomorrow together.
