

Celebrating our team's *journeys* *and achievements*

Helen Keen, Senior Business Director, Hays UK&I

What was your background before joining Hays?

“I joined Hays back in 2001 not long after finishing college, which means I’ve worked here for over 20 years! I’ve far exceeded my expectations of my ability and I’ve had many career highlights, including winning awards and breaking records.”

How has Hays helped you towards success in your career?

“The initial and ongoing training has been outstanding, the support when relocating twice within my time at Hays has been excellent, and there have always been opportunities available for me to grow my career.”

What excites you most about your future at Hays?

“I am mainly excited to continue doing what I’m doing! I thoroughly enjoy the day-to-day of my job and engaging with new and current clients, while helping people to grow their own careers.”

What advice would you give to someone considering this career?

“My advice to anyone thinking about working in recruitment would be to go for it – listen to your peers and take on board any feedback. Recruitment isn’t like any job you will have done before – every day brings a new scenario to deal with and is never boring.”

Supported *to succeed*

Let's create tomorrow together.
