

Celebrating our team's *journeys* *and achievements*

Zoe Klein, Principle Recruitment Consultant, Hays UK&I

What was your background before joining Hays?

“I interned with Hays while pursuing my Master’s degree in International Business in Poland. Initially, I saw it as a chance to gain insight into the business world, but I joined permanently after my studies and that was nine years ago. The rest is history!”

How has Hays helped you towards success in your career?

“When I first joined, even though I had prior experience, I wasn’t left to my own devices – I was set up for success via the Experienced Hire training course. The constant support from managers and consultants from other teams truly demonstrated the importance of collaboration in recruitment.”

What excites you most about your future at Hays?

“What excites me most about my future at Hays is the incredible support I know I will continue to receive from our leadership team. I love having the freedom to suggest new ideas and ways of working, which keeps things fresh and exciting. I can’t wait to see what the next year has in store!”

What advice would you give to someone considering this career?

“Recruitment is a dynamic industry where you get to meet lots of interesting people and contribute to the success of organisations. Make sure you’re passionate, be ready for a fast-paced environment, stay curious, build relationships and focus on being genuine and supportive.”

Supported *to succeed*
